

MEMORANDUM
JOINT COMMITTEE FOR THE ADMINISTRATION OF THE COLLECTIVE AGREEMENT

DATE: 23 September 2024

RE: Joint Statement re: RTPP

In March 2024 the Joint Committee issued a statement that deadlines for RTPP would be extended by two weeks after the date the new collective agreement was signed. At that time, we did not anticipate that there would be such a delay in signing. The Joint Committee is working to reach agreement on how to move forward in terms of both RTPP timelines and processes without the new collective agreement being signed. Joint Committee will be meeting on this issue early the week of 23 September. As such, Joint Committee is advising that there is a temporary pause on RTPP work and assessment. For those members who have submitted an application already, you will have an opportunity to update or resubmit your files should you wish to. For those who had not signalled their intent to apply for RTPP, there will be an opportunity to do so. This is a very challenging experience, especially for those who will be undergoing RTPP review this year. We will provide an update after the Joint Committee meeting.

Handwritten signature in blue ink, appearing to read "J. Francis".
